## Really Plenty of Company.

"A cubic inch of air can contain a million microbes," announced the doctor. "And yet some people complain of feeling lonely," remarked the patient who was suffering from brain fog.—Judge.

## Helps Digestion.

If you find it difficult to drink milk alone, take some bread or crackers with it. Either prevents the formation of large clots and the milk is therefore more easily digested. Lime water or barley water added to milk has the same effect.

REMEDY, GIVES RESULTS  
WHEN OTHERS FAIL**

Nature's Remedy for Blood  
Troubles.

The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure; you lack strength and energy natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear. S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character. All skin diseases and eruptions pass away, and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Scrofula, Constipation, Blood Poison, are all deep-seated blood disorders, and for their treatment nothing equals S. S. S. Get S. S. S. at any drug store. Don't accept a substitute. If yours is a peculiar case, write Swift Specific Co., Atlanta, Ga.

### BAR ASSOCIATION MEET HELD AT COURT HOUSE.

The Grady County Bar association met in the district court room at one o'clock this afternoon, with a fair attendance present. No reports from any committees were ready for submission. The matter of the manner in which cases wherein the client was in financial straits should be treated was the theme of a general discussion.

It was decided that a regular program should be prepared for all future meetings of the association. The president of the association, Ad Melton, named Judge Eugene Hamilton, J. D. Carmichael and Harry Hammyer as members of the committee to arrange the program for the July meeting of the association.

## ENGLAND OPENS FASHION SHOW DESPITE WAR

By United Press.

London, June 2.—Great Britain today struck the first blow in disregard of the Rue de la Paix's feminine fashions.

It was an all British fashion show at Agricultural Hall, Islington, North London, which, despite the government mandate of wartime economy, displays all the frills and furbelows of midday's summer supply.

Wax figures and animate flesh and blood models display the lampshade skirt, the shepherdess' design and panniers, all of which emphasize hips and fall toward the floor away from the ankles.

Rich shades of brown and emerald greens give no hint that Germany has kept all the dyes.

There also is the wartime garment recommended for working girls, a kind of harem skirt—really baggy trousers devoid of mannishness.

Bathing costumes so complete from cap to slippers that even Hyde Park wouldn't blush, are a feature of the exhibition. Contrasted shades or plain black or brown promise to be the prevailing mode on British bathing beaches.

Blouses, waists and other things are all designed by British "modistes."

Over 200,000 buyers were invited to the all British fashion show from everywhere including America and excepting Austria, Germany, Bulgaria, Turkey and other enemy lands.

## RIGID ECONOMY NOW IN FAMILY OF KING.

By United Press.

London, May 26.—(By mail.)—War economy is being rigidly practiced in the royal household at Windsor Castle.

To save petrol, the royal motor cars are now seldom used. The queen usually rides behind her team of grays, while Princess Mary travels horse-back.

No alcohol is used in the castle, either by the king's family or his servants. Cider-cup is the strongest drink served; lemonade, orangeade, and barley water are the customary drinks.

The king also has given up "plover's" eggs, one of his favorite dishes, and eats pheasants' eggs instead. As shooting has been abandoned both at Windsor and Sandringham, the eating of pheasants' eggs saves the food needed to rear young birds, and also lessens the damage to wheat fields from the game. Many pheasants' eggs are sent daily to the army hospitals from the royal provision.

## AFTER THE ST. ELOI FIGHT

A British soldier of the "Fighting 5th" on his way back from the trenches after the battle of St. Eloi, a point south of Ypres. On his steel helmet he has a German eagle that he captured in the fight. The British attacked on a sector of the German defenses at St. Eloi and the battle that followed was one of the fiercest that have taken place on the western front.

## BOLES CASE REMAINS IN STATU QUO

(Continued from Page One.)

that the final action of the council will be one which will be in the interests of harmony in the department," said Mr. Hayes.

Officer Boles stated last night that he was willing to abide by the action of the council; that he was positive he had not resigned from the force; that he had been told by the chief that he was fired; that Chief Phillips said to me, "Bob, I hear you are dissatisfied with your job and if such in the case you had better resign," that he had replied to the chief that he was not dissatisfied with the job, that "I would have told you so if I did not like the job, but I did say that there was not enough in the job for a man to go crazy about it; that the chief again called for his resignation; that he told the chief, "I will not resign, but you can fire me;" that the chief responded, "you are fired;" that he gave the chief his star; that he was not going to do anything to kick up a row over the matter but would await the action of the council.

Other members of the police committee, in addition to Councilmen Neal and Lorenson, are Councilmen McKay and Linn. Neither of these could be found by the Express reporter this morning. Neither could the mayor be seen. However, it was given out by members of the council that Mayor Coffman would leave the matter entirely in the hands of the police committee and the council.

Opinion about the city hall seems well divided as to whether Boles should be removed or not. All seem

to think he acted hastily in the matter of surrendering his star, while all concur in the opinion that Chief Phillips had the right to suspend him pending a hearing before the council. All interviewed were also plain spoken in the assertion that Bob Boles has made Chickasha a faithful and efficient officer.
